Paddling local rivers and gaining skills does what it says in the title!! The weekend is aimed at adults confident in paddling open canoe or kayak on flat water who now wish to increase their skills and paddle moving water.

The weekend will introduce you to the excitement of negotiating white water. We'll explore different types of clothing and equipment and introduce some fundamental moving water skills. We'll hopefully use sections of the River Usk, dependant on river levels, which is on our doorstep

During the course you will grow in confidence enabling you to understand how to read the water and move onto tackling rapids on your own.
