

## Plas Pencelli Outdoor Education Centre

## **Individual Information Form**

Plas Pencelli provides programmes of Outdoor Education that can make a unique and powerful contribution to an individual's education and development. Using a variety of teaching methods, adapted to a range of individual learning styles, within a challenging environment, each course focuses on specific learning objectives within the National Curriculum. Citizenship, Physical Education and Personal, Social and Health Education feature strongly. Achievement centres on 4 main areas. Personal development; Relationships; Social Skills and Appreciation of the Natural Environment. Throughout the course a high priority is placed on health and safety.
